

# URL and Setting Up an Account

It's easy and free to use the JET MCX Web Editor to program your MCX. In order to use the web editor, you must sign up for a free account. Go to <https://app.jetpedals.com/> and click on "Create Account" in the top right navigation menu. From there, follow the steps to register for your account.

The screenshot shows a web browser window with the URL [app.jetpedals.com/register](https://app.jetpedals.com/register). The page features the JET Pedals logo at the top center, followed by the heading "Register". Below the heading is a registration form with the instruction "Complete the form below to create your account." The form contains five input fields: "First Name", "Last Name", "E-Mail Address", "Password", and "Confirm Password". A blue "Register" button is positioned below the "Confirm Password" field. At the bottom of the form, there is a link that says "Already have an account?".
