

# Toggle Loop

Used to toggle on/off any loop 1 thru 6

Select the Loop # to toggle on/off.

When pressing the switch associated with this Midi type, the loop will be turned on with the first press off on the second press, this process will repeat each time the button is pressed. Switching banks will reset the counter and the loop will be turned on with the first switch press.

The screenshot shows a configuration screen for a 'Toggle Loop' function. It features several settings:

- Message #:** A dropdown menu currently set to 'Message 1'.
- Midi Channel:** A dropdown menu currently set to 'Channel 1'.
- Press Action:** A dropdown menu currently set to 'Press'.
- Message Type:** A dropdown menu currently set to 'Toggle Loop'.
- Loop #:** A numeric value of 3, accompanied by a horizontal slider.
- Value 1:** A numeric value of 0, accompanied by a horizontal slider.
- Value 2:** A numeric value of 0, accompanied by a horizontal slider.

At the bottom of the screen, there is a text instruction: 'Hold BPM Dial for 3s to Clear Preset'.
